Petition to the House of Commons in Parliament assembled, WHEREAS

Canadians want an end to the promotion of the UN Agenda 2030 narratives in Canada used against Canadian Constituents.

- Agenda 2030 - "Transforming our world: the 2030 Agenda for Sustainable Development" is a UN (United Nations) private foreign corporate agenda that is being adopted by government without constituent consent or consensus;
- Groups under the UN umbrella like The World Economic Forum have developed plans on how to implement these goals as seen in Klaus Schwab's book "The Great Reset" and these plans are offensive to Canadian Constituents;
- Canadians want these private foreign corporate groups and their policies abolished in Canadian politics;
- The proposed Agendas centralize control of every aspect of Canadian lives to these Stakeholders. Canadians are not interested in handing over control to the United Nations, WEF, nor any foreign entity;
- These private foreign corporate entities have assigned themselves as "Stakeholders" implying they have a voice and Canadian Constituents do not have a voice – this is illegal under Canadian Law;
- Canadians choose to instead to have an active voice in decisions in Canada by Canadian Constituents to make such important narratives and policy as a Direct Democracy model;
- Canadians want the grassroots local approach to Canadian Agenda;
- Canadians want Constituent solutions as a self sufficient society – not sustainability for globalists;
- Canadians do not want a Climate Police force enforcing these foreign policies;
- Canadians do not want to comply with the foreign corporate UN Carbon Tax;
- Canadians do not want a Chinese style social credit system in Canada;
- Canadians do not want to be traced and tracked by AI systems infringing on personal privacy;
- Canadians do not want mandatory vaccination and chose sovereignty over their body;
- Canadians do not want to ration power, fuel and food;
- Canadians do not want alternative medicines, herbs and treatments banned in Canada
- Canadians do not want a centralized digital banking scheme in Canada instead want a gold based system;
- Canadians do not want controlled fertility in Canada;
- Canadians do not want the rationing of water and denial of access to natural areas;
- Canadians do not want the abolishment of private property ownership;
- Canadians do not want the Fourth Industrial Revolution – the fascist New World Order
- The Canadian Constituents want an open dialogue with MP's to build alternative Agenda;
- Canadians want to write their own Agenda on issues facing Canadian Constituents;

We, the undersigned citizens and residents of Canada call upon the House of Commons and the Senate to:

- 1. Desist implementing the private foreign corporate UN, WEF Agenda in Canada;*
- 2. Immediately create a Forum to create a dialogue to implement Constituent Agenda for Canadians in Canada;*
- 3. Call upon all **Members of Parliament** to follow Canadian Law and represent your Constituents instead of foreign corporate private interest;*

Canadians feel our government is being controlled by the foreign entities like the UN and World Economic Forum and demand the interests of Constituents be followed instead.
